

# FJORDFIESTA

New products

# Carrying on a legacy

Fjordfiesta is a small and beautiful furniture studio based in Molde on the west coast of Norway. Fjordfiesta is proud to be one of few Norwegian design brands still having the courage and stamina to withhold production of furniture in Norway. This ensures that our high quality standards are upheld and production is always environmentally friendly.

We strive to develop new design furniture but also feel great joy over finding hidden gems from our Norwegian design heritage, especially from the 1950ies and 60ies. The love of Scandinavian contemporary design and high quality craftsmanship in combination with cutting edge technology are core values to the company.
